Staff In-service Training

September 7th —

FIRST DAY FOR STUDENTS

K-6 PARENT OPEN HOUSE

AUGUST 10TH

7:00 p.m. in the Jewell Library

Dr. Gander will be hosting an open House on August 10th to speak with parents about the blended classroom model. This will be a discussion where the teachers and Dr. Gander will present information on our training and curriculum development and how we see the program developing over the next couple of years in Jewell. Please plan to attend as we will attempt to answer any questions you might have about the look feel and academic goals for your child in the coming year.

Visit the Jewell website for up-to-date calendar information:

www.Jewell.k12.or.us

Competing Globally, Contributing Locally, Creating Unlimited Possibilities

BOARD APPROVES STAFFING CHANGES

At a special July 15th Board meeting the recommended staffing changes were approved on a unanimous vote. The changes re-instated the lost teaching position and created support positions that were budgeted in the Adopted 2010-11 budget process.

The reduction in force was in effect to provide time for the district to work through two processes, a) offering early retirement incentive to veteran teachers to spare lower waged teachers, and b) development of a Teacher on Special Assignment (TOSA) model to support staff development and lost administrative assignments. As both of these worked there way through the design process the district was able to make significant cuts, while covering tasks that are crucial to our future success.

As we move forward some of the changes we are making is determining the staffing. But in general here are the moves that have taken place at this time.

KindergartenKaren Flynn
Grades 1-2..... Lisa Newton
Grades 3-4..... Shelly Alford
Grades 4-5..... Kelly Rolwes
Grades 5-6..... Andrew Gagnier
MS (7th-8th) Charnae Little
MS / HS Art..... Kim Morrison
MS / HS Vocational Education TBD
HS / 8th Grade English/Electives . Don Anderson
HS Math /Advanced Math..... Brent McClain
HS /8th Grade Social Studies Mark Freeman

HS /8th Grade SciencesDavid Hiebert
K-12 Music..... Corey Pederson
K-12 Library Media..... Sarah Gander
K-12 Phys Educ. & HealthShea Little
K-12 Special Education..... Robin Mills

We are welcoming two new staff members, Sarah Gander is our new Library Media Teacher. She has worked most recently in the Salem-Keizer SD (10 years) and prior to that she was in the Palo Alto SD in and the Dos Palos SD in California. With 18 years of teaching experience in library and media centers she will bring a wealth of knowledge to teach our kids and program development for district compliance. To have a resource like this in our library will be a real support to literacy instruction in our school.

We will be completing the hiring process for a new Career Technical Education teacher in the coming weeks. This teacher replaces Ron Crook who retired at the end of the year. Please be looking for more information about this new and upcoming program as the school year advances.

Teachers On Special Assignment (TOSA)

These current staff members are both teaching and picking up some of the pieces we lost when we reduced one administrator. They will be working in the following areas:

- Effective staff training for advanced academic programs and blended classrooms
- Support for students 6 months or more behind at their grade level
- Compliance with state statute in the areas of Title programs

Competing Globally, Contributing Locally, Creating Unlimited Possibilities

- Development of differentiated instruction for our Talented and Gifted Program
- Student discipline grades 7-12

These staffing changes are just a few of the many adjustments we are making to the way we approach serving our students and their families. We have tried to hold to the approved budget, we did add back in some money from contingency to make our Career Technical Education full time again. But for the most part the changes are budget neutral.

Of course there were many more changes behind the scenes, increases in communication between the home and school, changes to forms and processes, within the office and ultimately changes to our approaches to doing business within. Each of these system changes is aimed at capitalizing on our strengths as a school community, using our technology to its fullest capacity and moving the Jewell school toward meeting our mission of providing opportunities for students to be prepared to compete in the global market place, contribute to the betterment of our local community and help our families and student see the unlimited possibilities of the world around us.

In the end the year was not always smooth, and at times lacked the grace we all hope for in change, but we achieved many of the goals the school board set for itself back in October. We still have some to work on, but we have a strong focus, good parental volunteer support and kids that work hard for both

themselves and their school. These are perfect ingredients for on-going improvement and we will capitalize on them in the coming year!

Enjoy your summer, and stay in touch as we will be continuing our improvement efforts over the summer.

Dr. Brian Gander

STUDENT ENROLLMENT

In May Allyce sent home a student verification form of your families current contact information and emergency information. This verification serves as your students enrollment for the 2010-11 school year. If you have not yet returned it to Allyce please do so ASAP.

Using this process allows us to continue to keep your student enrolled so you do not have to come in and fill out the forms at the beginning of each year. We know this is a change, but we hope it saves you a step at the start of each year.

If you did not return the form please contact the office so Allyce can assure all your information is accurate.

Enrollment packets will go out next week. If your packet includes a registration form that means Allyce did not get your verification form back in May. Please get those forms to us ASAP so we can make proper class assignments.

HIGH SCHOOL FOOTBALL

Parents & Athletes,

We are gearing up for the Annual Pigskin Camp. We will get started with registration on Monday, August 16 @ 8:00 a.m. up at the football stadium. Please have your health insurance information, and any medical conditions or concerns in writing for us. Each camper should have shorts, t-shirt, and football cleats, if they do not have cleats - have them bring the most comfortable tennis shoes.

The camp is August 16-19 from 9:00-11:00 a.m. All 4th -12th grades students are invited to attend. Feel free to invite your family and friends, anyone interested in playing football. There is no cost for the camp, and each camper will receive a t-shirt.

If you have any questions, please let me know.

Go Blue Jays!!!

JEWELL SCHOOL CLASSROOM SUPPLY LISTS

The following recommendations are from our elementary teachers for what students will need to start the school year. Please wait until after the parent open house to purchase specialty items.

KINDERGARTEN, FIRST AND SECOND GRADES

Backpack or Tote
Crayons – (24 ct. or more)
Washable Markers (8 ct.; broad line, large size)
Colored Pencils (12 ct.)
#2 Pencils (2 dozen)
Dry erase markers (4 ct.)
Scissors
Glue sticks (8 total)
Large Eraser (1)
Facial Tissues (4 boxes, basic brand)
1 box Ziplocs (1 quart size)
1 Three ring binder (2 inch spine)
5 pocket folders
First/Second Only
Wide ruled notebook paper (1000 sheets)

THIRD – SIXTH GRADES

3-Ring Binder
Pencil/Supply Box
Scissors
Ruler (standard and metric measurements)
#2 Pencils – (4 dozen)
Pencil Tip Erasers – (6-8 total)
Erasers – (4 ct., White type)
Erasable Ink Pens – (1 dozen; blue or black)
Red Pens – (1 dozen)
Highlighters – (4)
Calculator (4-Function)
Glue Sticks – (6 large size)
Clipboard
Paint Shirt
Facial Tissues (1, basic brand)

Grade 5 and 6 only

(6-8) Notebook Dividers (no pocket folders)
3-hole College ruled paper- (2000 sheets min.)

Grades 3 and 4 only

5 pocket folders
1 spill-proof water bottle
3-hole Wide ruled notebook paper (1000 sheets)

Competing Globally, Contributing Locally, Creating Unlimited Possibilities

JEWELL GRADES 7-12 STUDENT SCHOOL SUPPLY LIST 2010-11

The following general list is always helpful for student to have as resources for projects and classroom support. Each teacher requires different things so it may be helpful to wait until after the first days of school to buy specialty supplies (i.e. calculators, binders, mechanical pencils).

The Basics

Pencil Case/Pocket that Fits in a Binder
4 Packages: No. 2 pencils
1 Package: Mechanical Pencils
1 Package: Colored Pencils
1 Package: Water-Based Markers
1 Pencil Sharpener (hand-held with a top to collect shavings)
1 Large Pink or White Eraser
10 Ballpoint pens: Black
10 Ballpoint pens: Blue
4 Highlighters: Assorted Colors
4 Lined College-Ruled Spiral-Bound Notebooks (250 sheets)
2500 sheets: Loose-Leaf College-Ruled Notebook Paper
5 Glue Sticks
1 Bottle of White Glue
1 Pair of Scissors

Organizational Helpers

4 or 5 Three-Ring Binders: At least 1 ½ in.
4 or 5 Binder Dividers: with 5 tabs
5 Pocket folders

Study Aids and Math Classes

6 Packages of Index Cards:
 3 packages 3x5 Ruled
 3 packages 3x5 Unruled

1 Protractor
Ruler (both metric and Standard measures on sides)
Protractor
Compass
Calculator – See teacher for specific, a simple one is always helpful

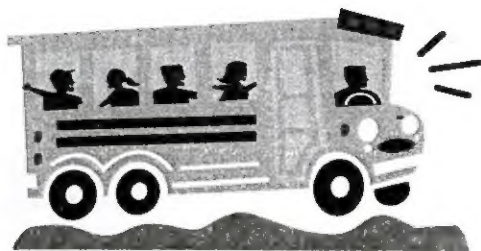

ALL GRADES

USB Thumbdrive (2GB if available)

Parents, don't let your child get left behind!

School Year 2010-2011

Oregon law requires the following shots for school and child care attendance*

A child 18 months or older entering
**Preschool, Child Care, or
Head Start** needs*

4 Diphtheria/Tetanus/Pertussis (DTaP)
3 Polio
1 Varicella (chickenpox)
1 Measles/Mumps/Rubella (MMR)
3 Hepatitis B
2 Hepatitis A
3 or 4 Hib

A student entering
**Kindergarten, 1st or 2nd
Grade** needs*

5 Diphtheria/Tetanus/Pertussis (DTaP)
4 Polio
1 Varicella (chickenpox)
2 Measles
1 Mumps
1 Rubella
3 Hepatitis B
2 Hepatitis A

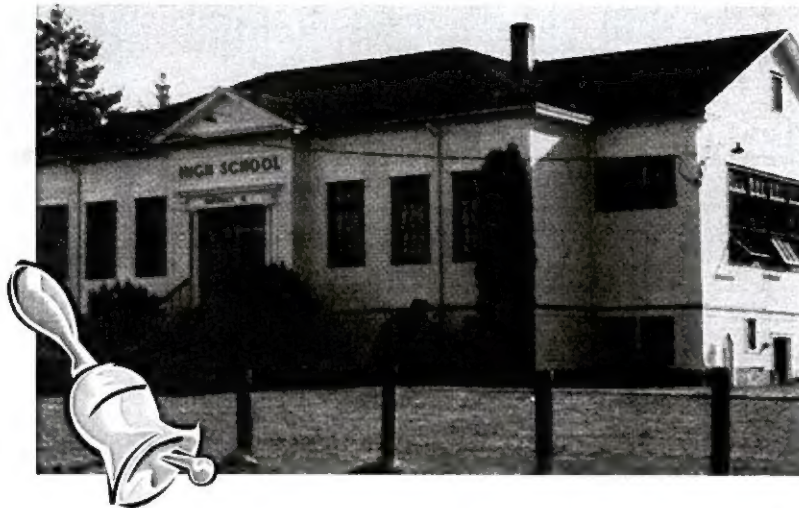

A student entering **Grades 3-6
or Grades 10-12** needs*

5 Diphtheria/Tetanus/Pertussis (DTaP)
4 Polio
1 Varicella (chickenpox)
2 Measles
1 Mumps
1 Rubella
3 Hepatitis B

A student entering
Grades 7-9 needs*

5 Diphtheria/Tetanus/Pertussis (DTaP)
1 Tdap
4 Polio
1 Varicella (chickenpox)
2 Measles
1 Mumps
1 Rubella
3 Hepatitis B

* At all ages and grades, the number of doses required varies by a child's age and how long ago they were vaccinated. Please check with your child's school, childcare or healthcare provider for details.

2010-2011

A GREAT YEAR AHEAD

Summer is winding down and we are looking forward to the 2010-2011 school year to begin with great additions to the Jewell staff and expanded course selections.

We have had some last minutes changes to staff, which has caused some scrambling but we feel we have a strong academic program for our students and we'll come out stronger once we are through this tough period.

One change is that Jewell School is currently seeking a new head cook and production manager to run our school lunch program. Sandy Sohler has accepted another job and we wish her all the best.

Competing Globally, Contributing Locally, Creating Unlimited Possibilities

We also have recently received notice that Ms. Rolwes has accepted a job with the Portland Public school district and she will be leaving us. We wish her much success in her new position and thank her for all her work.

A third surprise is that Mr. Bloker is going to be returning to our halls sooner than expected. His commission with the Army is complete in September and although his final return date is up in the air at this time we anticipate him back before too long.

Mr. Bloker's return means that Mr. McClain will be missed as his time with Jewell comes to a close. He has done a nice job here and will continue to do great work in Jewell for the near future.

NEW AND RETURNING STAFF

Jewell School is pleased to announce the hiring of two new staff for this year. Jim Fleishman as our new Career Technical Education teacher. Jim is from the Corvallis area and has a variety of work experiences that will make our Career Education classes (Construction, wood shop, mechanics and more) a great experience for kids. And as stated previously Sarah Gander is joining the district as our Library Media teacher.

Returning staff members are Andy Gagnier as the elementary 5th/6th grade teacher, and Ron Bloker resuming his position as math instructor in the high school. Congratulations to newly wed Charnae Little, who will be returning as Charnae Decker!

STUDENT ENROLLMENT

Most of the Student Enrollment forms have been sent out to parents. Additional forms and information (internet use agreement, bus schedule and student handbook) will be sent out to parents before or by the end of the first week of school.

Parents, please remember to sign and date each form before returning them.

The 2010-2011 Student Body Fee for students in grades 7-12 will be \$30.00. This cost will cover the fee of lost or damaged books, student body card & misc fees (towel, lock/locker, planner and print).

If you have any questions or need help filling out any of the forms, please give Allyce a call @ 755-2451, ext. 10.

SUBSTITUTES

On Thursday, September 2nd @ 3:00 pm Scott Cummins from the NWRES D will be here to speak with staff and any interested Jewell area substitutes, (both licensed & classified), about the new substitute finder program we are implementing beginning with the 2010-2011 school year. All staff members and substitutes will now go exclusively through the NWRES D for all information, job requests and all related paperwork.

Dr. Brian D. Gander,
Superintendent
Allyce Chronister,
Office Manager

JUNE NEWSLETTER
August 27, 2010
Ph. 503 755-2451
Fax 503 755-0616

Competing Globally, Contributing Locally, Creating Unlimited Possibilities

If you are unable to attend the scheduled time, the number for Scott at the NWRESA is (503) 614-1691 or (866) 292-7870.

This new automated system will help us reduce the amount of paperwork and increase the speed at which sub requests are handled. It is new to Jewell but has been used for years in Seaside and many other district in Columbia and Washington Counties.

STUDENT CLASSROOM PLACEMENTS

The school offices and the district web page will have the classroom placements for all K – 6th grade student posted and up at 2:00 p.m. on Thursday the 2nd of September.

We are waiting as we have new student arrivals and some changes in staffing to work through with the resignation of Ms. Rolwes and Ms. Cavin's move to a TOSA position.

Ms. Cavin is now working as Teacher on Special Assignment (TOSA) to support our primary and intermediate grade teachers move to blended classrooms. Ms. Cavin will also be supporting students that are more than 6 months behind their peers in core academic areas. She also has one class of 7th and 8th grade Language Arts that she will be teaching.

She will be coaching teachers and doing small group instruction to support classroom teachers. This instructional model supports ongoing teacher professional development that is linked directly to their classroom.

Also as part of her duties Ms. Cavin will support our instructional assistants with training opportunities. It is hoped we can improve the hard work our staff already undertakes with focused training around working in blended classrooms.

ALL SCHOOL OPEN HOUSE

Mark your calendars for September 15th at 6:00 p.m.! The district will be hosting an open house for our families. This will include and spaghetti dinner and short presentation for parents and then families can visit their children's classrooms and hear from teachers. We anticipate this beginning at 6:00 with dinner, and then classroom visitations starting at around 7:15. Bring your family and get all the information you will need to support your child's year in the most effective way. Dinner is free and the community time is an added benefit for all.

Competing Globally, Contributing Locally, Creating Unlimited Possibilities

JEWELL COLLECTIVE BARGAINING GROUPS FINALIZE CONTRACTS

It has been a year for both of our collective bargaining groups (licensed teachers and classified employees) to work with the school board to establish new contracts guiding management and employee relations. It has been a fruitful process for all in the district.

The goals of the District and the bargaining groups was to develop contracts that support a strong school culture of professionalism, fair compensation and clear language. We achieved all three of these goals for both groups. The new contracts were developed in a series of negotiations that started in April and ended in August. The negotiations were professional with each group giving a little ground and gaining some ground as well. In the end we have two new contracts that bring the old contracts up to date with changing labor laws, and also set a tone of sustainability in the economic articles.

The licensed teachers contract runs until 2014 with economic variables opened in 2012, and the classified contract runs until 2013.

Dr. Gander would like to thank all our employees for their dedication and professionalism in this task and for their understanding of the economic challenges the district is facing in the near future. This has been challenging work but work well done.

VOLUNTEERS

Jewell School welcomes all those who would like to volunteer for the 2010-2011 school year.

For all volunteers it is required to have a Criminal Background Check Form on file before they can begin. (This process needs to be done each year). We look forward to hearing back from you!

NEHALEM VALLEY ALERT EMERGENCY FAIR

DISTRICT TITLE I PROGRAM GETS STARTED

It has been a number of years since the district has used state and federal grants to support instruction of students identified as being below grade level in reading and math skills. Our teachers on special assignment (Shelly Alford and Lynne Cavin) are working with staff to develop a process that will support Kindergarten through 8th grade students in reading skill development. The model uses Lynne Cavin in classrooms alongside the regular classroom teacher to provide extra instruction time without losing core academic time.

Title I grant funds are annual allocations to

Visit the Jewell website for up-to-date calendar information:

www.Jewell.k12.or.us

Competing Globally, Contributing Locally, Creating Unlimited Possibilities

districts to support economically disadvantaged populations based on census data. In Jewell we receive close to \$25,000.00 annually to support the academic growth of targeted populations. Our plan is centered on K-8 students who are below grade level in reading, as identified by screening tests given at the classroom level. Primary, intermediate and middle grade level teachers will be speaking with parents about this at student conferences later in October.

We hope the support of these funds gives students a boost to catch up to grade level and become successful readers.

PTO NEWS

The Jewell PTO is announcing that we will be sponsoring a Fall Carnival at the Jewell School on Saturday, October 30, 2010 from 4:00 pm - 7:00 pm. Everyone is welcome, in costume of course, as there will be games for children of **ALL** ages. Music, food, prizes, haunted house, and much more will be part of the festivities. Bring the entire family, the extended family, even all of your neighbors and friends and have a howling good time! Help make this event a memorable one for all, and donate your time to assist the PTO with the carnival. We are looking for a number of volunteers ranging from monitoring carnival games, the

greeting of guests, ticket salesperson, help with the refreshments, and so much more. So please take a small amount of time out of your busy schedules and lend a hand to assist in what will be a new tradition at Jewell School. To volunteer write an e- (coryp@jewell.k12.or.us), or stop by the Jewell School, and we'll gladly help you through the volunteer procedures.

Thank you! Members of the Jewell PTO

CHANGE TO MEAL CHARGE LIMIT

There will be a change made in the Jewell meal charge limit. Currently all students are set in our meal system with a \$25.00 charge limit. Beginning October 4th, this charge limit will be reduced to \$10.00.

The procedure when charge limits are reached will continue to be:

When a child scans his/her lunch card the scanner will beep letting them know they have reached the \$10 charge limit. In turn, students will be asked to go to the office to phone home letting their parents know they have reached their charge limit.

Parents will need to send meal payments the next school day in order for their child

to continue to receive school meals, or they will need to send a sack lunch from home until the balance is paid.

We encourage parents to make regular advance payments as often as possible, keeping their child's meal account current and with a positive balance.

BUS NOTES

Please send your child to school with a bus note whenever possible vs. calling in bus note requests. *(It is understandable that in special circumstances, a parent will need to call the school to make a change in their child's after school destination - unexpected traffic or road delays, change in work schedule, etc.).* By sending your student with a bus note first thing in the morning, it would help minimize the interruptions to the flow of office management during the day, and it would be greatly appreciated

UPDATE ON DISTRICT

IMPROVEMENT PROJECTS

The 2010-11 budget allowed for the funding of a series of smaller projects to reduce potential losses to the district's buildings. These projects are fairly small in scale but will protect valuable assets from potentially larger costs down the road.

third sand filtration tank and two water storage tanks. The addition of two 5,000 gallon tanks and a third filtration tank will place the current system at levels that meet the needs of the school site and the seven houses the system supports. The system will also meet the state requirements for a small system that uses surface water as its primary water source. With 25,000 gallons of water that is protected from freezing and vandalism, the school can function up to 7 days if the well becomes un-stable. This will be of great service to the school and community if nature decides to throw our community a curve ball in the coming years.

This project calls for the removal of the little gray house and maple tree on the north side of the campus. This house has been used for storage for the past years and is not used for our instructional programs.

Well Protection Project:

Based on advice from the engineer of our water treatment system, we are fortifying the well site that provides the district its pre-treated water. The well site is near Beneke Creek on the east side of Highway 103, and in past years the creek has silted in when the water rose. We will be placing riprap (larger rocks) around the exposed well shelves to

chosen over a complete replacement of the roof as the more economical approach. Complete replacement of the roof was considered, but without a comprehensive school facilities plan in place, the longevity of the area to be roofed was unknown and an accurate cost benefit analysis was not possible.

Water Treatment Protection Project:

We are currently finalizing the calendar and the engineering drawings for a building that will house the water treatment equipment on the north side of the campus. This project includes the addition of a

SCHOOL VISITATIONS

For the safety and well being of all our students and staff, we are asking that all visitors to the Jewell School follow our visitor procedure.

Please be sure to check in to the Jewell School main office to sign in and to receive a visitors badge each time you visit the school building during school hours.

If you wish to speak with teachers, please prearrange your visit by calling and scheduling an agreed upon time for your visit.

If you would like to speak with your student, the office will call your child up to the office during break times to help minimize the interruption of class time.

Parking Adjustments In Front

As many of you know, the drive directly in front of the school (passing the flag pole) is a fire lane and must remain clear at all times. Past practice has seen parents leave their car in the fire lane and come into the building for a quick office item or two or for picking up their student. This practice is really not OK, and sets a model for kids that breaking the rule is ok, even though this was not the intention. In the worst of times it could impede effective response to an emergency situation.

We have created two short term parking spots next to the handicap parking in front of the school. Students and staff will leave these

open for patron use.

We hope this gives parents using our daycare or running in to take care of quick errands with Allyce, good spots to use. We also hope you use these two spots for no more than 10 minutes. If you need a little longer to conduct your business,

please use a spot in the general parking area.

I will ask staff and students to use the lot nearer the cafeteria or on the north side of the building for their parking so the lot in front of the school has free spaces available. In exchange, I hope patrons will continue to drop off students, but not leave their car when passing by the flag pole, and park if they need to come in for business.

Thanks you for your understanding.

High School Student Body Fees

Students in grades 7-12 are required to pay student body fees for the 2010-11 school year. The fees are meant to support student activities and cover any damage to textbooks if they should happen to occur. The fees are \$30.00 and are broken down in the following manner. \$20.00 dollars goes as a book deposit to cover lost or damaged books (this is refunded at year's end if no charges are required), \$5.00 dollars goes to the Student Council for support of student activities, (Homecoming, Prom, student activity nights

etc.) and \$5.00 dollars goes to incidental items such as gym locks/towels, student printers and to cover some of the cost of the student planner.

Students are required to pay these fees before attending student body funded activities (like homecoming), and to get their student body card which gives them discounts at movie theaters and other activities (state playoff games etc.).

Parent Conferences for our Grades K-6th

The conference format for our Kindergarten through 6th grade students has not changed this year. We have start times beginning on Thursday at noon and continuing until 7:40 p.m. in the evening. We begin

again on Friday at 7:30 a.m. and end at 11:40 a.m., this gives each teacher twelve hours to meet with their 17-18 families.

7-12th Grade Students

The 7-12th grade teacher conferences are going to take place in an arena format this year. Unless you have been requested or have requested an individual conference with your child's teacher, the context of conferences has changed a little. The arena format gives our teachers, who see a wide range of students, an opportunity to see all families and makes it much easier on families with both

young and older students to see all teachers without spending the entire day at the school.

All 7-12th grade teachers will have a table in the Multipurpose Room (just off the cafeteria). Each table will have two chairs right at the table, and three to four chairs about 10 feet from the conference table. You are free to travel to any teacher you need to see and spend 5-10 minutes with them discussing your child's performance and any goals you might have related to this year. If there are two or three parents waiting, the teacher will begin to wrap up the conference after ten minutes. If you need more time, the teacher can work with you and their schedule to find a time that supports your needs.

If you would prefer a longer session with one or all your child's teachers, please call the office and speak with Jennifer Littlepage. She will arrange a time that fits the teachers schedule and your needs.

For students who are not having the success we would like to see, we have scheduled group conferences where the parent(s) and each of the child's teachers will be present. We feel this format will provide a better environment to problem solve all the issues in a manner that supports the student and the family.

Veteran's Day Assembly

Jewell School would like to extend an invitation to the community for a special veteran's program on Tuesday, November 9th, at 10:45 a.m. in the multi-purpose room. All veterans and their families are urged to attend this program, which will feature tributes to American veterans and service members. Veterans in attendance will receive recognition. Please call Cory Pederson at (503) 755-2451 Ext. 27 for additional information or details.

Visit the Jewell website for up-to-date calendar information and current sports schedules:

www.jewell.k12.or.us

NEHALEM VALLEY FOOD BASKETS

This program is purely this community taking care of those who need a Christmas meal, gifts for children (under age 18, or disabled dependents), and the canned foods box (courtesy of Jewell School students) that is delivered to families by volunteers from the Nehalem Valley Community Church. This effort is coordinated with county agencies and includes meal boxes from the Church, donations from local businesses and charities, Jewell School faculty and students, and many generous residents helping through the Giving Tree. The Giving Tree will be set up at the school by the office before Thanksgiving. Referrals can be made by calling Bev Hopkins (503-755-2312). All request information will be kept confidential. Request forms and information can be picked up at the School or Baker's General Store. Please call Bev if you have any questions about how you can help.

SOPHOMORE FUNDRAISER

Are you looking for that special little present for a person who loves to cook? The sophomore class is selling Mini Cookbooks until November 23rd. There are 12 tasty titles, and a bargain at only \$6.50. There is also a special grab bag offer of 2 cookbooks for \$10. See any Sophomore to place your order. The cookbooks will be at the school before winter break, and there is a sample cookbook in the office to preview. If you have any questions,

break, and there is a sample cookbook in the office to preview. If you have any questions, see Sophie Hoyt or Mrs. Gander. Thank you for your support.

BUS NOTES

Just a reminder: Parents please remember to send your child to school with a bus note vs. calling in bus note requests.

CERT Training

The community is invited to 2 very worthwhile classes being held this Friday, November 5th.

A CERT (Citizen Emergency Response Team) training class will be held at Fire Station #1 from 6:00 p.m. to 9:00 p.m. (No charge)

Also on Friday, a Ham Technician Class (no age limit) will be held at the Nehalem Valley Church beginning at 7:00 p.m. This class will continue on both Saturday and Sunday, with a test given in the afternoon Sunday. There is a \$14.00 fee for the Ham test.

If you have any questions for either class, please call Hans @ 755-2326.

EMERGENCY PROCEDURES

It is very important that the school know how to proceed if there is an emergency or emergency school closure situation involving your child. An emergency would include, but not be limited to the following: severe weather situations (snow, flooding, mudslides closing roads), power outages, serious illness or injury of your child (broken bone for example), and discipline procedures needing parent/guardian immediate attention. Please give careful consideration to the following questions and give clear instructions as to what you would like Jewell School to do in case of an emergency or discipline procedure. The parent/guardian will always be contacted first and then we will work our way through your chosen contacts.

If I cannot be contacted, I authorize Jewell School District No. 8 to proceed as indicated below if an emergency or discipline situation should occur:

Student's Name

EMERGENCY CLOSURE

If the school cannot get in touch with the parent/guardian, the following procedure will be followed.

Procedure for children under 10 years of age: Please be specific about who will be responsible for the child when we release them, who is meeting the bus [if applicable] or who is picking them up. If your child is picked up at school, please provide the phone number of the person responsible.

☐ Yes my child will take their regular bus and _____ will met them
☐ No, my child is to follow these directions: _____

If the buses need to leave school early (emergency closure), is it okay to drop your child who is **10 years of age or older** at their normal stop even if there is no one to supervise them?

☐ Yes, drop my child at the regular stop
☐ No, my child is to follow these directions: _____

If you checked YES, you may not receive a phone call on emergency closure days. It is our desire to contact all families, but at times that is not possible.

Is it okay for your child who is 12 years old or older to supervise younger siblings on emergency closure days? Yes ☐ No ☐

Children who are younger than 10 years old **MUST** have arrangements made for them. If emergency procedures cannot be followed, children younger than 10 years old will be retained at the school and parents will need to make arrangements to pick up the child.

To the Jewell Community

RE: Highly Qualified Teacher Status Annual Notification

Jewell is finalizing its 2010-11 Title IA application to support struggling readers in grades kindergarten through eighth grade. As part of the No Child Left Behind Act of 2001 (NCLB), school districts are required to notify their community when a teacher is assigned to a position but does not hold the correct teacher certification. In NCLB terms, this teacher is categorized as not highly qualified if they teach in one of the core subject areas (reading, math, social studies, science etc.), but does not hold a state teaching certificate for that area. This does not mean the teacher is without a teaching certificate; it does mean they may not meet federal guidelines for training in all the areas to which they have been assigned.

As superintendent, I am informing you that Mr. Decker is viewed as being not highly qualified as defined by NCLB. Mr. Decker is filling a temporary position created when Mrs. Rowles resigned the third week of August and the initial replacement we lined up also moved from the area. Mr. Decker has three years of teaching experience, and holds an Oregon teaching credential with an endorsement in high school social studies. The district has and will continue to work with Mr. Decker throughout this year to assure he has the resources to develop the teaching skills necessary to support our students in the position he currently is filling.

All of Jewell's teachers with this one exception are seen in both state and federal terms as highly qualified. If you have questions about highly qualified status please do not hesitate to call my office.

Best Regards:

Holiday Greetings

The students and staff at Jewell School would like to wish the communities of Jewell, Elsie, Vinemaple, Birkenfeld, Fishhawk and Mist the happiest of Christmas, Hanukah, Kwanzaa holiday (whichever your family celebrates) and a prosperous New Year.

Your support of our school, individual programs and various class activities, sports, our teachers, the administration and the board, could not work as effectively as they do without your contributions to the community.

We hope this time with family and friends is full of good cheer, fond memories and the celebration of hope and love that is the meaning of this time of year.

Happy Holidays!

Competing Globally, Contributing Locally, Creating Unlimited Possibilities

Spring Activities Approved

The school Board, at its December meeting, heard a request from Dr. Gander to add Baseball to the Spring Sports activities. The Track program is still going to be a strong force in the spring with a number of state qualifiers returning to make their mark. However, there are a number of students (both boys and girls) that have shown interest in baseball and softball as a sports option. We are going to start with baseball, as it seems to have the greatest number of students interested. Under OSAA rules girls can participate in baseball; however, boys may not play softball.

The discussion of adding a baseball program was brought forward after a local patron offered to put together a group of community members to help with the creation of a practice field for the program. The program will consist of all away games in the first year (we hope about a dozen games). Students who want to continue in track will be given an opportunity, by the coaches of both programs, to participate. The baseball program will be playing as an independent sport, so the chance at making a state playoff is out; this will eliminate any conflict with our track athletes in their participation in District and State meets.

It is our goal to keep our options for student / athletes as varied as possible given towards our students' interests. As adults, many of us successfully managed being an athlete and a student and learned valuable skills of time management, working together to achieve

common goals, and driving ourselves to meet personal goals. It has been a school board goal to expand the option for students, and the addition of a new sport achieves just that.

The Marching Band was also a point of discussion by the board at the December meeting. The success of the music program continues to be a highlight of the school. The Board asked Dr. Gander and Mr. Peterson to look at the purchase of marching band uniforms so the program can look "more polished" to go along with their spectacular music. The program has grown in the past two years, and Mr. Peterson will bring a uniform recommendation to the board at the January 24th board meeting. We hope to have these uniforms for the spring Marching Band season.

So, it looks like spring will be a busy time for our students with the start up of baseball as an added sport, the hiring of new track coaches (both Middle school and High school) and the dressing up of our Marching Band program.

NV ALERT MEETING

Just a Reminder: There is a NV ALERT Meeting this Saturday at 3 PM at Fire Station No. 1. Jen O'Neal from the Red Cross will be there, we will be going over the events/activities of 2010 and start setting goals for 2011.

Please join us, we need your support.

BUS NOTES

Just a reminder: Parents please remember to send your child to school with a bus note vs. calling in bus note requests. Thank you..

SENIOR FUNDRAISER

The Senior Class is selling Firewood by the 1/2 cord and by the cord. Seniors are taking orders for non-seasoned cords of fir wood. We will deliver, and for an additional fee we will stack the cords for you. Call 755-2451, Ext.20.

MIDDLE SCHOOL BOYS BASKETBALL

Middle school boys basketball practices will begin on Monday, January 3rd. Practice times will be 3:15-4:45, and athletes will be able to take the 5:00 bus home. Please make sure that the boys sign up for the bus every-day. All players must have a current physical (good for 2 years) and the athletic participation form turned into the front office (Allyce), before they may begin practice. If you have any questions, please call our Athletic Director (Mark Fick), ext. 14, or the MS Boys Basketball Coach (Shea Little), ext. 15.

SOPHOMORE CLASS FUNDRAISER

The 10th grade class is collecting refundable cans and bottles throughout the school year. There will be a special can drive on January 8th where students will be collecting and sorting cans and bottles at the school between 10:00 and 2:00. If you have refundable cans and bottles that you would like to drop off at the school, please contact Dalton Blanchard or Mrs. Gander. The school phone number is: 503-755-2451 EXT 25. Thank you for your support of the sophomore class!

PARENT NOTE

On late arrival days, please make sure your student(s) eat breakfast at home. When students arrive on late arrival days, the school will have a small snack available to students before they go to their classes.

JEWELL WEB LINK FOR EMERGENCY UPDATES

We have added a new link to the Jewell web page for parents to check for emergencies such as school closures, school delays, and other important updates. By clicking the blue jay picture on the Jewell home page, you will find current emergency updates. Jewell School will also continue to use the radio and TV stations to announce closures when we have phone access.

Competing Globally, Contributing Locally, Creating Unlimited Possibilities

EMERGENCY CLOSURE FORMS

We have sent emergency forms home with K-6th grade students. When we receive these forms back, we will follow your instructions the best we can. This form will be used if we cannot contact you, or our Alert Now system cannot be activated. Our most pressing issue comes when we have to close school early because of energy or difficult weather problems. Often these problems take our communication systems off-line, and we have to set actions in motion that get our staff and kids home without the benefit of phones or the internet.

Let's hope the winter is an enjoyable one without too many school interruptions.

ient.

The Canned Food Drive is currently happening at the school. Many thanks to the Student Council and Honor Society for their fine leadership in this project. Donations are needed to support this program to help each family/child have a nice Christmas. A donation receipt for tax purposes will be supplied. Mail to: Christmas Food Baskets, 80803 Hwy 103, Seaside, 97138. Check should be made to NVCC. IRS requires check memo section be left blank if you desire a donation receipt. Request forms for help are in the school office and at Baker's Store. Questions - Bev Hopkins 503-755-2312.

NEHALEM VALLEY FOOD BASKETS

The Christmas giving project is underway. A Giving Tree has been set up in the Jewell School main hall if you would like to help provide gifts. Please note *gift return date*. Tags contain all information needed. Baker's Store will also have a few gift request tags if a visit to the school is inconven-

SENIOR FUNDRAISER

The Senior Class will be selling wreaths after the Thanksgiving break. You can order your wreath by calling 755-2451 ext. 20, or you can order from any senior class member..

Competing Globally, Contributing Locally, Creating Unlimited Possibilities

SOPHOMORE CLASS FUNDRAISER

Do you have cans and bottles sitting around your house? Is it hard to find the time to take them back for a refund? The sophomore class would like to take them off your hands. We will be collecting cans throughout the school year. There will be three collecting sites; by the Senior Stand, in the Cafeteria and in the staff room. We will also hold two can drives. The first one will take place on Saturday, January 8th. (More information to come, but we would love to have you start saving your cans for us.) If you have any questions, please contact Dalton Blanchard or Mrs. Gander.

BUS NOTES

Just a reminder: Parents please remember to send your child to school with a bus note vs. calling in bus note requests. Thank you.

THANK YOU

After my recent car accident, I had numerous staff and community members reach out to me. I would like to thank these individuals and let them know that I am back at work and well on the road to recovery. The caring and support helped me get through a very tough time. Many thanks.

Ms. Kim Morrison/Teacher

Attention all Families:

For all Families with uninsured children between the ages of 5 and 15, the Children's Program is offering an opportunity for free dental care. To inquire, please contact the main office at 503-755-2451.

Jewell School District 8
Annual Parent Notice
Right to Request Teacher Qualifications

School: JEWELL SCHOOL DISTRICT #8 Date: November 5, 2010

Dear Parent or Guardian:

Our school receives federal funds for Title I programs that are part of the *No Child Left Behind Act of 2001*. Throughout the school year, we will continue to provide you with important information about this law and your child's education.

You have the right to request information regarding the professional qualifications of your child's classroom teacher(s). If you request this information, the district or school will provide you with the following as soon as possible:

- a. if the teacher has met state licensing requirements for the grade level and subjects in which the teacher is providing instruction;
- b. if state licensing requirements have been waived for the teacher on a temporary basis;
- c. the type of college degree major of the teacher and the field of discipline for any graduate degree or certificate; and
- d. if your child is receiving Title I services from paraprofessionals and, if so, his/her qualifications.

If you would like to request this information, please contact your child's school.

Thank you for your interest and involvement in your child's education.

Sincerely,

Brian D. Gander, DEd.

LIBRARY NIGHT

Join us for a night of reading, crafting and exploring the library. We will have story time, a book mark making station and games. Library staff will be available to set parents up as library patrons and give tips to explore the age appropriate search engines available to all Jewell families.

Who: All Jewell Family Members

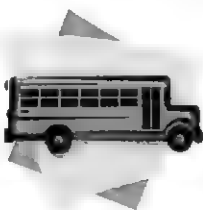

What: Library Family Night

Where: In the library

When: Wednesday, February 9th From 4:30 – 7:00pm

Why: To learn what library services are available to your family

Thank you, Tami and Sarah

SNOW ROUTES IN USE

Due to treats of extreme weather we are re-starting our bus snow routes system. Parents will be notified, by our *ALERT NOW* phone system, when buses will be on snow routes due to inclement weather.

Blue Snow Route— Joanie

Spruce Run, Kamy Road and Red Bluff students will need to meet the bus at Oneys at 7:10 a.m.

Green Snow Route - Vicki

Fishhawk students need to meet the bus at the Fishhawk Cemetery Road at 7:05 a.m.

STATE TESTING PROCESS IN FULL SWING

Jewell School has begun the Oregon Knowledge and skills (OAKS) State testing calendar for our K-8 students. Please help your child by assuring they have sufficient rest and a good breakfast to start their day.

The high school students testing benchmark was moved the 11th grade by the State School Board in 2009-10. Therefore, students in grades 11-12 will be the only high school tested this year in OAKS. The exception is those student in 10th grade receiving instruction at the 11th grade level.

SNOW WHITE AND THE SEVEN DWARFS ARE COMING!

In the past, the Missoula Children's Theater has been to the Jewell School to support our students in putting on a performance. This

Competing Globally, Contributing Locally, Creating Unlimited Possibilities

year two "producers" are coming the week of March 28th to April 2nd for a production of *Snow White and the Seven Dwarfs*. The two produc-

ers will work with our students both during the day and after school to put together a Saturday production. Please save the evening of April 2nd for this production and watch for further announcements. The kids have loved this in the past, and we anticipate great involvement again this year!

STUDENT BODY FEES SUPPORT STUDENT PROGRAMS

Student body fees are an important part of the workings of any middle and high school. The fees are used to support the programs the kids use on a daily basis. Typically the fees are collected in the first two months of the school year, and in exchange student are given student body cards that give students discounts to a variety of school activities (dances, formals, activities nights and the like).

The fees also cover incidentals that arise throughout the year, color printing services for the students, craft paper for projects both individual and student council developed. Payment for damaged or lost

books is also taken from the student fees.

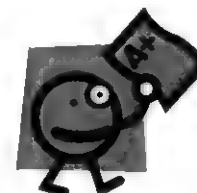

Lastly, the fees support the Student Council who put on a variety of after school activities for the students; anything from dances to special school events.

These fees are critical to support student programs and we will be sending letters to families who have not paid their fees to date. Please call us if there is any concern about your student's status with regard to the payment of their student fees.

FIRST SEMESTER COMING TO A CLOSE

The first semester will end the 27th of January, and grade reports are anticipated to be sent out February 2nd.

With the end of the semester, students can begin re-viewing parts of their schedule and can decide if they would like to take advantage of new options open to them.

If your student is going to make a schedule change, please be sure to talk it through with them so we are all on the same page. The High School has some new semester length courses for students to take, and their description can be found on the school web page on the students tab.

Competing Globally, Contributing Locally, Creating Unlimited Possibilities

Students can get a schedule change form from the office and meet with Ms. Hedbloom to complete the process. All schedules should be finalized by the end of the day January 31st.

DRIVER'S EDUCATION

Check out willamettesd.com for information on driver's education courses offered at the Astoria High school.

CONSTRUCTION

UPDATE

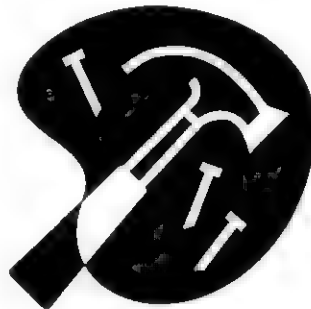

This year we have taken on some construction projects to support the programs of the school. There are four projects that have been undertaken; a) repair of the gym,/shop/locker room roof, b) support of the current well site, c) installation of a protect door for the stage area, and d) protection and expansion of the schools water filtration system.

Repair of the gym roof was accomplished early in the year without incident and gives the gym roof a life of 5-10 years. A leak was found that could have potentially damaged our gym floor. Lastly, access was made for our onsite water storage tank for cleaning and inspections.

We have complete reinforcement of the current well site with rip rap around the base of the exposed lining segments. This should

deflect debris and protect the well from being over taken in high water events.

The music program's instructional space was moved from the room designed for the daycare center up to the stage area. To protect the teaching space, we have worked with a contractor to develop an accordion door system to shield the classroom from noise and support an effective learning environment. This project is to be complete by February 21, 2011.

Lastly, the largest project of the year was developed to secure a water supply that meets the Oregon Department of Health Services standards for a school and the associated five houses. To protect our system, a project bid was developed that removed the old Forest Service building and maple tree on the north side of the campus. The new building will be a 30 x 40 foot structure that will protect the sand filtration units from extreme cold and hot weather. Both conditions have affected our system's performance. The new system will have the capacity to filter nine gallons per minute and increases our storage by 10,000 gallons. This storage increase will allow the system to rest during high water times when silt can be extensive; excess silt causes filtration problems and increases the amount of cleaning for our system. This project is anticipated to be completed by March 1, 2011. This is the final phase of the water system.

SPECIAL THANKS

BOARD MEMBER, TANIA SKINNER, RESIGNS FROM HER POSITION

At Jewell's last board meeting on Monday, January 24th, Tania Skinner resigned from her position as a Jewell School Board member.

The Jewell staff & students would like to thank Tania for all her hard work and commitment to the Jewell School District during her time served as a Board Member.

Tania, you will be missed.

JEWELL SITE COUNCIL OPEN SEATS

In the 2009-10 school year the Jewell Site Council was re-established, and following, three parents were elected to the Site Council from the school community. These members represent parents as voices in the development of the various school level documents. Representing the parent community are:

Kathy Berg Sheila Heino Gwen Jarvela

The by-laws of the Council require that the terms rotate. This year two of our members

Visit the Jewell website for up-to-date calendar information and current sports schedules:

www.jewell.k12.or.us

Competing Globally, Contributing Locally, Creating Unlimited Possibilities

are stepping off, and we are looking for parents of Jewell students that would like to join the work of this great group.

Please contact the school if you are interested in becoming a member, and we will set up a time to help you understand what the Council does and what a member is asked to do. Being a Council member is good way to understand the workings of the school, and how decisions are made that affect the teachers and the students in our community.

**Next Site Council Meeting is March 10,
2011 @ 3:00 p.m. in the Library**

JEWELL BUDGET PROCESS IS GETTING UNDERWAY

A calendar of events is going before the school board (February 28th meeting) to help give the community an opportunity to voice their hopes and desires in the development of the 2011-2012 school year budget. We anticipate developing a web based survey, and also printing that survey in the next school newsletter. These documents will be accompanied

by informational articles in the newsletter and on the district webpage.

It is my hope, as superintendent, that parents, students and staff will come to learn about the budget directions, the assumptions being used to develop those directions, and help with the discussion of the long term goals for our district.

Please look to the newsletter to inform you about the process as it unfolds. We anticipate some loss of revenue this year, but not to the degree of cuts that were made last year to get our revenues and expenses back in line. We hope you join us in the discussion.

SCHOOL BOARD POSITION OPEN

School Board Position #2 is open due to a change in residence of one of our current board members. Our hope is that a dedicated Jewell Community member will step forward and put their efforts behind the education of our students. It is sometimes a thankless position, but very rewarding on a personal level to know that your views can shape the education of a school community.

We have worked hard to get the board and the district in a stable position, and look forward

TOOTH TAXI

COMING TO JEWELL

Information will be sent to all parents regarding dental services through the Tooth Taxi Program. This project is offered through the Dental Foundation of Oregon, and is offered to all K-12th grade students. The tooth taxi provides basic dental care, including exams, cleaning, sealants, restorations and extractions, by licensed Oregon dental professionals. Services will be provided at the Jewell School site. Mark March 28th on your calendar for the Tooth Taxi.

2011-2012 School Year

Budget Assumptions

These sets of assumptions are the starting point for developing a budget that reflects the current economic climate of our region and state. They also represent what we feel are our fixed costs (labor, utilities, program needs etc.). At this point in the budget development process the numbers are somewhat fluid as we continue to watch the economic indicators to assure our guesses are based on good information. That is why they are headed as DRAFT.

General Fund – Revenue

The following general fund revenue assumptions are based on revenue projections from our current accounts and anticipated State Forest Fees.

1. Student Enrollment	<p>At this time student enrollment is not key to our revenue based on our reliance on State Forest revenues. However, if revenues drop we will fall into the small rural school adjustments based on our current population.</p> <p>The small rural school adjustment is current under scrutiny by the legislature and the small high school grant is about to sunset in June of 2011. This has long range implications for small schools but will not effect our 2011-12 budget</p> <p>K-8 Students = 92 9-12 Students = 52</p> <p>Adjusted ADM = (insert Small Rural School adjustment value the project revenue from that value.) = 144.</p> <p>This is the loss of 10 students (18 seniors out, 9 kindergarten students projected in).</p>
2. State School Fund	<p>Estimated State School Fund will be based on May 2011 State economic forecast, this will have nominal impact on our budget. Project State funding is at 5.557 billion</p>
3. State Forest Fees Revenue	<p>Revenue for the 2009-10 forecast was anticipated to come in on the high side of the projected \$2.4 million and did so giving us an end of the year bump in revenue. Projections for the fiscal year 2011 are anticipated to be down by 22%, or based on January 27th forecast of around \$1.9 million. We will see if that number holds up or as is did 2009-10 jumps at the last minute with year-end harvests. I will budget anticipating less than the \$2.4 million proposed in the summer 2010 forecast. Based on this update I will be looking at \$2.1 million as the State Forest Fee revenue mark for 2011. I will update that projection as we get closer to May.</p>
4. Property Taxes	<p>Assessed value for property taxes are anticipated to decline by 1% and yield a 2% and property tax collection. This is accompanied by a 6% default rate for are projected to decline from \$390,000 to \$374,000. This is a little less than the 2010-11 anticipated collection of 375,000.</p>

5. Interest Earnings	Interesting earnings will remain low due to the .005% APR we are getting through Local Government Investment Pool. We have not begun the re-establishment of the investment ladder that generated high returns for the district in the past. Current rates are starting to look favorable at three years and five years, but the gain is not going to approximate past earnings. We will be fortunate if we generate \$50,000 in interest earning this fiscal year.
6. Beginning Fund Balance	The Beginning Fund Balance is derived from our general fund roll over and is used to fund necessary district expenses until State Forest fees are deposited at the end of the fourth quarter of the fiscal year. We anticipate a Beginning fund balance of about \$350,000 as carry over from our 2010-11 budget.
7. ESD Revenue	Although the not a traditional definition of revenue we generate nearly \$64,000.00 in services credits based on our district population. The ESD system is "under attack" at this time in the legislature so we may be seeing cost increases in this sector as house and senate bills attempt to redistribute the ADMw upon which ESD's are funded.
8. Other Revenue Sources	As yet to be solidified at this point but we can estimate on 2010-2011 revenues as being somewhat equivalent at about 3.5% of total revenue (approximately \$135,000.00)

2010-2011 School Year

Budget Assumptions

General Fund – Expenditures

The following general fund revenue expenditure expectations are based on current service levels and needs for ongoing development of district plans.

1. Current Service Level	The estimated costs to roll the current general fund and special revenue fund service levels (CSL) forward into 2011-2012 is \$3,975,000.00, plus special programs funds of \$100,000.00 and a contingency fund equal to \$252,000.00. This targets expenditures budgeted at \$4,300,000 for a CSL equal to 2010-2011.
2. Salaries	Our current CBA's have a negotiated set of numbers for JEA and OSEA Chapter 145 members. The 2011-2012 school year assumptions we use are: Certificated Staff: 2% COLA, plus a \$1,295.00 step Classified Staff: 1% COLA and steps that vary Non-Represented Staff: 3.25% increases
3. Retirements and Resignations	We anticipate no retirements or resignations this year.
4. Health Insurance	The health insurance cap was determined during 2010 negotiations with employee groups. We anticipate a 12% increase in the OEBB rate.

5. PERS Indebtedness	Due to PERS actuary tables changing, we are estimating a significant increase in funding to assure we have our indebtedness covered. The district rate for Tier 1 and Tier 2 employees is set to increase by 5.46% for an anticipated indebtedness of 21%.
6. Utilities	Our utilities costs for 2010-2011 were under funded by a significant amount (4%). So it is anticipated we will have to increase this fund by 10% to meet 2011-2012 needs.
7. Transportation	We have had very unpredictable fuel costs this year and anticipate some inflationary pressure on fuel in 2011-12. We are projecting a 9% cost increase for next year. Our reimbursement is rolled into the SSF so we do not see any state reimbursement for transportation.
8. Program Compliance	We are very good on program compliance at this time. We have some concerns with hazardous waste and ongoing training for our water system but all other areas are in good shape.
9. Non-Salary	Although not a traditional definition of expenditure we generate nearly \$64,000.00 in services for the ESD based on our district population
10. Contingency	The board policy requires that the district maintain a contingency fund. The fund is calculated at 12% (\$252,000.00) of the projected 2011-2012 revenue (\$1.9 million)

Questions for the Community

- 1) Are there programs that are of importance to you that you would like to see brought into the instructional program at Jewell?
- 2) Are there facility needs you would like to see discussed that you feel would improve the schools ability to meet the community's needs?
- 3) Are there budget questions that you would like answered as we move into the budget planning process?

To take an expanded version of our budget survey please visit our website at www.jewell.k12.or.us and click on the survey monkey link.

Jewell School PTO News

March 2011

We would love to have YOU be a part of the Parent Teacher Organization! It takes dedicated parents just like you to make it possible to sponsor fun and educational activities for the students of our school.

The Jewell School Parent Teacher Organization is a committee made up of parents and staff of Jewell School. Our meetings are held on the first Thursday of each month at 3:30 in the library. Any changes in meeting times will be announced on the Jewell School website.

If you would like to become a part of the PTO it is EASY! Parents are always welcome at our meetings. If you cannot attend our meetings you can still help!

Here are some highlights from our most recent meetings:

- The committee purchased a commercial popcorn maker to use during Family Movie Nights and other PTO sponsored events.
- We purchased a license that will allow us to show movies to students and families.
- We gave a donation to the Tsunami Skippers, the jump roping team from the Seaside area, to perform at our school during the Jump Rope for Heart event.
- We donated money to the Nehalem Valley Food basket program.
- We co-sponsored the Family Night in the Library.

Community Budget Forums

I often hear that community members would like to have an opportunity to comment on budget priorities. In that light, we are offering two *Community Budget Forums*, (one was April 4th) to give parents and students an opportunity to express where they would like the district to focus its resources. These forums are part education and part information gathering and lasts about one hour.

Our goal is to get your thoughts before we develop the final proposed budget. Waiting until the budget is already developed is like trying to saddle the horse when it has already left the barn.

The first meeting was mainly board members and budget committee members, but we would like greater community representation. Please join us at 7:00 p.m. on Monday,

Visit the Jewell website for up-to-date calendar information and current sports schedules:

www.jewell.k12.or.us

Competing Globally, Contributing Locally, Creating Unlimited Possibilities

April 11th, for the second of the two offerings.

The proposed budget will be presented on Monday, April 18th (at 6:00 p.m.) as part of the budget committee process. The presentation will be a "state of schools" approach, then a distribution of the proposed budget and a question and answer period.

The community is also encouraged to go to the Jewell website (www.jewell.k12.or.us) and complete the budget survey on the homepage.

Student Forecasting

April is the month of student forecasting for the school year 2011-12. In forecasting, we ask that students and their parents sit down together to review the course offerings, the graduation requirements and make the best decision they can about the upcoming year.

Ms. Hedbloom, Ms. Morrison and Dr. Gander will be working with our current 8th-11th grade students to prepare schedules that are challenging and represent the needs of the student's graduation requirements.

The course descriptions are available under the *Parent Resources* tab of the school website.

If you have any questions, please contact Sharyn Hedbloom at (503) 755-2451 ext 73. All forecasting should be completed by May 13th at the latest.

Key Communicators Sign -up

What is the Key Communicator program all about?

People talk to people... And those people talk to other people.

And that, however sophisticated and well-planned a school district's communications program may be, is how a large proportion of school news gets around.

One problem is that this communications system is unreliable and usually one-way. Bits of information filter outward from the schools into the community along informal channels without regard to accuracy or completeness. Thus, rumors form, spread and become difficult to counteract.

The information that filters back to school officials is often too late for a meaningful response, and sparks that could have been quickly snuffed become fires of major proportions.

How is this problem resolved in a district like ours?

The Key Communicator Network solves this problem via the creation of an ongoing two way exchange between Jewell School and the people they serve.

Why do we need Key Communicators?

Dr. Brian D. Gander,
Superintendent
Allyce Chronister,
Office Manager

Competing Globally, Contributing Locally, Creating Unlimited Possibilities

Developing one-on-one relationships is an effective means of communicating within the community. Key Communicators will help people know more about the school district and help the school district know more about what people think, feel, and know.

Who can be a part of the Key Communicator Network?

Parents, community members, school district employees, and anyone else who would like to be kept informed of key issues within our district.

How does the Key Communicator Network work and how can I join?

There are three easy ways to register: Simply call (503 755-2451, ext. 10) and ask to become part of our network. Send an email to Superintendent Gander at briang@jewell.k12.or.us

Follow this [link](#) to a form that can be printed, then filled out and left at the front office at Jewell School. **JEWELL KEY COMMUNICATORS SIGN-UP** (You will need a PDF viewer to open and print.)

Each Key Communicator will routinely be kept informed with information about education, programs, board actions, policies, and activities through e-mail messages from Supt. Gander. Throughout the normal course of a day - at soccer practice, band

practice, or while chatting with a neighbor - Key Communicators will be asked to share the information and then make the district aware of questions or concerns via email or phone call.

Jewell School will continue to send and receive key information through email to registered Key Communicators to ensure prompt notification and efficient communication.

THANK YOU TO THE COMMUNITY

The Sophomore & Senior classes would like to thank all those who donated items for their rummage sale, and to all those who supported them with purchases. The grand total of sales was over \$600.00! Thank you to all.

Snow Day Make-up

This year was a particularly hard year for Jewell students and the weather. Although not as severe as the past in terms of temperature, we did miss five days and had four days of late starts. When you add to this an already low student day count, (173 days when others in our region are two to four days higher) we have a deficiency in seat time requirements at the high school level.

Our district calendar has three days built into the calendar to cover large numbers of days lost to emergency closure. The state allows for two days (14 hours actually) in the rules for a standard school year, so we only have to make up three days of the six total days missed. This avoids conflicts with three spring sports, avoid overtime schedules for our classified staff and support families that use older students (high school) to watch their younger kids until parents return home from work.

As such, the last day of school is going to be Wednesday, June 15th (that is a half-day). Friday June 10th becomes a full day. This does not change the senior graduation or 8th grade promotion dates; but does change the 8th grade fun trip to Monday, June 13th. Senior's last day is still May 27th.

As a superintendent, it has never been my position to squeak in under the wire. I am more in favor of giving adequate time for student learning. I am much more comfortable giving our high school students quality time for class-

room learning. We take advantage of all the options provided by the state's administrative rules, and will continue to do so. Therefore, the proposed calendars for next year increases our number of student contact days to a state standard of 177 days. This helps us get a larger buffer zone between our students' seat hours and the required hours set out by the Oregon Department of Education.

I know this is an inconvenience, but hopefully the winter will be a little kinder to us next year. Please give me a call if you have any questions

Student Leadership to Hold Candidate Forum

The Jewell Student Leadership class will hold a School Board candidate forum on May 10th at 7:00 p.m. in the Jewell multipurpose room. The forum will begin with a reception at 7:00 p.m. to meet the candidates, and then a question and answer period from 7:30 p.m. to 8:30 p.m.

The students are coming up with questions for the candidates to prepare for, they will provide moderators and will also provide a short questioning period for the audience. This is not a debate format, but more of an opportunity for candidate to get their views known to the public.

The goal of the forum is twofold; to give the candi-

dates some time with their community, and secondly, to reinforce, in students, the life skill of public engagement.

We hope the community plans to attend this forum to support the six individuals who have stepped forward in support of our school.

TOOTH TAXI

On March 28th, Jewell School hosted the Tooth Taxi. The Tooth Taxi is a project of the Dental Foundation of Oregon in partnership with OEA Choice Trust and the ODS Companies. Thirty students received a dental screening, education, and a toothbrush kit. Seven students received treatment. Each student's parent/guardian received a visit/treatment summary. Jewell students received \$4058.00 of services. Thanks goes out to community members, Susan Wilcoxon & Meg Rourke, and Jewell staff, Allyce Chronister and Sharyn Hedboom.

JEWELL HIGH SCHOOL CONCERT BAND

Congratulations to the Jewell High School Band! They had a successful field trip to Clatskanie Middle/High School back on April 13th, where they performed four pieces of concert band music. They were judged by three of the biggest people in music education in the state of Oregon in multiple areas of musicianship. The band jumped 8-10 points higher than last year, and were told by

one judge that they were only 4-8 points away from state contention. Next year they plan on competing in this musical function for the first time.

Future musical dates: May 1st - Loyalty Days Parade in Longbeach, WA, and May 19th for the Spring Music Concert @ 7:00 p.m.

JEWELL KIDS CARE CENTER

If you are interested in having an active influence on the present and future of Jewell Kids Care Center, we have many ways you can be involved.

Currently, we have openings on our Board of Directors for interested parents and community members. Our Fundraising Committee is always up for more great minds and new plans. We have some fresh ideas for the coming year, and look forward to sharing them with the community. Donations are always helpful as well. You can check with Miss Sandi for specific needs.

Thank you for your time and support! We would love to have you join our team in support of our local preschool and daycare. Give Sandi Creswell a call at (503) 755-2451 #17. We look forward to hearing from you!

Jewell Kids Care Center Board of Directors

Student Forecasting Put on Hold

We had hoped to get the student forecasting completed before the end of April, but that goal will allude us. Parents of student in grades 8-11 this year will get forecasting information after we have finished our school design discussions. As we are only 50 or so students in our high school next year, scheduling will not be difficult to achieve.

Please stay tuned and watch for a packet in mid May with hopes to have things completed by June 3.

Groups Visit Corbett School for Ideas

As we have moved toward blended classrooms as a means of developing a sustainable budget model, we looked for a school that was successful in using this classroom format. Our Teachers on Special Assignment, Shelly Alford and Lynne Cavin, found Corbett school (up past Troutdale, Oregon) as a good model.

Since that time, we have taken three groups to Corbett School to view how they structure their school, upon what principles it was built, and how did they get to the goals they have achieved. Corbett is a two-school (K-8 and 9-12) that has a charter school within its elementary school. They serve about 1,000 students K-12.

The points of interest that attracted us to Corbett are many, but a few stand out: 1) blended classrooms from grades K-8; mostly

if not all three grades in a blend, 2) great deal of focus on students being taught at their academic level, with keen attention to developing skills of independence, 3) an emphasis on high quality instruction through ongoing staff training, 4) high academic standards throughout the grades, as seen in multiple advanced placement classes (college prep) in their high school, and 5) high four year college attendance and graduation rates.

As a staff, we have focused on getting a variety of perspectives from our visits. We have sent our K-8 teachers, many of our 7-12 teachers, and a parent / board member group on visits. Each has come away with something different. We do not feel everything Corbett does is perfect, and that there are things about Jewell we are very proud of as well. We hope to take their successes and mix it with ours to present a solid recommendation to the school Board in June.

At this time the staff is working through the design of next school year, we will recommend some changes along the lines of those we have already begun. We will also provide public comment periods for the community to weigh-in as we get closer to finalizing the plan. The adjustments we are looking at are budget neutral when compared to our current configurations of staff and programs.

Sophomores are continuing to collect pop cans. Their last can drive day will be Sunday, June 5th. If you have any questions, please contact Sarah Gander at ext. 25.

JEWELL SCHOOL PARKING

Just a reminder to the community, that there is NO PARKING in the red zone area in front of the office. We have a designated parking area with posted signs for those who are picking up students or for quick business in the school.

Parents may quickly drop students off in front of the red zone area while staying in their vehicles, but leaving a vehicle while in this zone is not permitted.

BUS NOTES

Parents, please send your child to school with a bus note to be handed in first thing in the morning whenever possible vs. calling in bus requests.

There has been a high volume of interruptions from calls requesting bus notes recently, and it would be greatly appreciated if parents would send written bus note requests with their children.

Thank you for your help

SUPERINTENDENT GANDER'S

2011-12 Budget Messages

This year will prove to be a difficult process in finding a budget that meets the expectations of the Jewell community while fostering sustainability for the district's mission. The District Vision and Mission Committee have set in place a framework for our discussions, and hopefully that will make the process more manageable. As we look forward to an end to dwindling state timber sales, the projected revenue is up a small amount, but if this maintains a pattern we will have to see. This year we will be using revenue from the district end fund balance of 2010-11 to produce a balanced budget for 2011-12. We are doing this by not transferring money into the district reserve fund, but rather keeping a large carry over balance and using it for 2011-12 year. This is not a sustainable practice, but will work this year to retain current program levels.

State Timber Revenues Increase by 6%

The Oregon Department of Forestry (Astoria District) state timber projects the major source of Jewell's operating revenue, and is forecast to be \$150,000 more than the 2010-11 revenue (2.35 million to 2.5 million). That is a 6% increase in revenue from the previous year, and brings our revenue to just under the 10 year historical average (with highs and low values removed). Although the projection (\$2.5 million) may improve by the May report timeline, it still presents considerable challenges for the district. We are not yet sure what the projections for the 2012 timber sales might be, but it is anticipated to return to historical averages in the next couple of years. This increase will mean a brief halt in spending of our reserves to maintain current programs. This halt is only due to such a large carry-over from late revenues in 2009-10. The district will budget using a \$2,500,000 million dollars projection. We will use contingency funds in the reserve (also referred to as the Investment Fund) to cover any short fall.

Reserves Grow at Slower Rate

The district started the 2010-11 school year with cash assets of close to \$9.2 million dollars in projected revenue and reserves. In years past these reserves would have been placed in secure investments, and generated interest for the district. This interest ranged from historical highs of \$400,000 dollars before the construction of the new building, to current lows of an estimated \$82,000 (general fund and investment fund interest combined). The markets low rates of interest combined with three year lows in interest income will put pressure on District reserves. Interest rate growth is anticipated in the third and fourth quarter of 2011, so interest revenues may exceed the projections, but we cannot anticipate those earnings.

Spending Money Slated for Reserves will Balance Growth

The 2010-11 budget transferred in from the district's investment account was a little over \$306,000 dollars to maintain our current programs. To maintain current programs for school year 2011-12 the district will have to triple the beginning fund balance (money intended for transfer into the investment fund) to approximately \$850,000. Therefore, no amount is needed from our reserves due to late revenue boosts from the FY10 timber harvest. The August arrival of \$683,000 dollars allowed the district to start the year with a healthier than average beginning fund balance; this will in turn add to our 2010-11 ending fund balance and offset borrowing from the investment fund. This is not a sustainable practice, but will get us through this year.

The increase in 2011-12 roll forward expenditures is due largely to changes in the fixed costs of electricity, fuel, the re-hiring of 1.5 teachers after the adoption of the 2010-11 Budget and cost of living growth in employees contracts. This rate of expenditure in 2011-12 with the use of a larger than anticipated beginning fund balance puts our revenue \$850,000 less than our roll forward program costs. This is higher than the goal of \$500,000 dollars annually and will be a point of concern in 2012-13. It is important to understand that the district must have contingency accounts in case of unforeseen events,

and that these values can inflate a budget. They are annual requirements, but tend to be rolled over as unspent. However, there have been times when this has not been the case. Securing the ending fund balance will need to be watched closely as anticipated expenditures in some areas may overrun the projection and timber revenues may not reach the projection as well.

Proposed Budget Maintains a Low Growth Stance

The budget proposed in this document maintains a concept of low growth in programs. The investment for 2011-12 is increasing the teaching capacities of our licensed and classified staff. There is growth in the School Improvement budget to meet the needs of this training. We are retaining the 1.5 FTE (full time equivalent) added back last July when the district went to a Teacher on Special Assignment (TOSA) model after the reduction of a full time administrator.

A second area of focus is our middle level programs; grades 6, 7 and 8. These programs have lacked consistent focus, and the use of the increased FTE will bring about that focus. The staff has yet to define the configuration, but we do understand that increasing student academic outcomes, developing education based traditions, increasing student academic support and course consistency are the key to increased stability for these students.

We have defined new sources of revenue for the District this year. Although the pots are not overly large, they do support programs the district is required to run. We will continue to seek new revenue sources as the 2011-2012 school year progresses. Both federal and non-governmental support can still be found, even in tough economic times. However, these sources will be very specific in their uses and typically do not support human resources costs.

We are losing two grants that have expired totaling about \$40,000 dollars, and much of those costs will have to be made up in the general fund.

Using a Program Cost Approach

You will see some changes in overall funding categories, but not a large overall change in the total district budget. This is due to our continued effort to account for expenditures where they take place. In defining exactly what a program costs, we feel it is important to bill the costs at the level of service. As an example, to understand the true cost of high school extra-curricular activities, we must bill the transportation and substitute teachers used to that program. The same would hold true for teachers. To understand what a complete elementary program costs, we should bill all teachers who serve that program in their correct proportion to the program. We will continue to strive towards that end in the 2011-12 budget, and as we advance forward will continue to clarify our expenditure positions.

The Proposed Budget dated April 18, 2011 (on the Jewell website beginning Monday May 2nd) is anticipated to be the document for discussion on May 16th at the next Budget Committee meeting. Members of the committee can make recommendations that change the proposal in an attempt to get an Approved Budget for the 2011-12 school year.

FOREIGN EXCHANGE

On Wednesday, May 5th, we had six of Vernonia High School's foreign exchange students attend our school for an entire day. Our students and faculty thoroughly enjoyed the diversity that this day brought to our school. As a small and somewhat isolated community, Jewell students are not exposed to a lot of different cultures and /or students.

I would like to ask that you consider hosting a foreign exchange student in your home for the 2011-12 school year. If there is enough interest, we will have a meeting to answer questions about hosting students in our community. Please call me and let me know if you might be interested in attending a meeting in the near future.

Creative Cupcakes in
Chocolate, Vanilla & Fun-Fetti

One for \$1

Dozen for \$10.00

Buy for parties, birthdays or just for that special someone. Order forms are in the office or you can contact any Sophomore.

POP CAN DRIVE

Sophomores are continuing to collect pop cans. Their last can drive day will be Sunday, June 5th. If you have any questions, please contact Sarah Gander at ext. 25.

JEWELL SCHOOL PARKING

Just a reminder to the community, that there is **NO PARKING** in the red zone area in front of the office. We have a designated parking area with posted signs for those who are picking up students or for quick business in the school.

Parents may quickly drop students off in front of the red zone area while staying in their vehicles, but leaving a vehicle while in this zone is not permitted.

Jewell Staff Votes to Go Multi-Aged for 2011-12 and Beyond

Over the past six months the Jewell faculty and community has been researching the viability of moving to multi-age classrooms and increasing college level course options by expanding advanced placement classes. As a staff, we meet on May 9th to finalize the plan we hope to implement for the next five years.

The staff conversations gave rise to six options and the option shown below was felt to be the best choice for our students over the long term. As superintendent I intend to ask the Board to follow the guidance of the faculty and over the next five years. That means no more changes of classroom configurations, but instead a targeted investment into the multi-age model. The five year implementation plan means the staff will have the opportunity to bring along all phases of effective implementation. Multi-age classrooms are a growing phenomenon in public education for very specific educational reasons; reason we believe will move our students to a higher level of success over the long run.

Option 2	Number of Classrooms	Teacher to Student Ratios
K-1	1	14:1
1-2	1	18:1
3-4-5	2	15:1
6-7-8	3	15:1

Our visits to Corbett exposed the participants to a variety of critical issues in moving to this format of instruction. Our choice to go to the option above is based on our discussion of the strengths and weaknesses of the current approach, and the need to continue to develop our middle level program while supporting our early elementary classroom balance. A critical consideration in our choice is our on-going enrollment forecast.

Anticipated Enrollments for 2011 And Beyond

ELEMENTARY				MIDDLE		HIGH SCHOOL	
Grade	Total	Grade	Total	Grade	Total	Grade	Total
Kindergarten	10*	Third	6	Sixth	14	Ninth	10
First	10	Fourth	12	Seventh	13	Tenth	13
Second	12	Fifth	11	Eight	17	Eleventh	12
						Twelfth	10

Supporting Parents With Informational Meetings

There will be three phases of Multi-age trainings or information strategies for parents and the community in general. The communication will be a) direct mail to homes, b) web-content at www.jewell.k12.or.us, and c) parent presentations at the school. We hope to have all these completed by June 9, 2011

so we can communicate and respond to parent concerns. We feel our three visits to Corbett have helped us understand the concerns all parents may face in this change to their child's life. Dates for parent and community presentations:

- May 26, 2011 @ 7:00 p.m. Jewell Library
- June 2, 2011 @ 3:30 p.m. PTO Meeting – Jewell Library
- June 9, 2011 @ 3:30 p.m. Site Council Meeting – Jewell Library
- August 15, 2011 @ 7:00 p.m. August School Board Meeting – Jewell Library

Direct Mail:

Using the newsletter, we will do a couple of items that help parents and community members understand the shift that is going forward. The move to three grades in one room has been the direction chosen by the teachers and supported by the administration. Since it is a budget neutral consideration we feel it makes the best sense in looking at a sustainable model for years to come.

Web-Content Development:

Using our webpage we will link all outgoing communication, PowerPoint presentations and all links we have to existing resources. A new tab for patrons to visit and go through on their own time will focus information and parent resources in one spot. This will include the superintendent's blog.

Parent Focused Presentations:

We plan a series of parent education activities linking to our parent organizations (PTO and Site Council) and our proposed configuration changes. The first will be the night of **May 26, 2011 at 7:00 p.m.** with a presentation involving staff and parents. At that time we will go over a PowerPoint of where we have been, what we hope to achieve, and how we are going to get there. This first presentation will include plenty of time for questions and answers for families. Question and answer facts will be produced for these meetings and help parents get connected to our web links.

Our hope from the Board is that they leave this model in place for five years to allow for complete implementation. Complete implementation includes the following;

- a. Curriculum planning over the next two years to assure all new Common Core Standards (CCS) are integrated into the academic program of every child,
- b. Evaluation of students in the new model is complete with the adaptation of new reporting (internal evaluation protocols) standards and new report card structure in grades K-8,
- c. Staff training is complete with regard to effective teaching strategies and the use of increasing more complex strategies of differentiated instruction,
- d. Adequate time to generate traditions that support the Jewell model and create an identity for our students at Jewell.

It is clear to the staff after our visits to Corbett that this is a path not a discrete destination. Jewell SD Guiding Beliefs (seen on the district web page) inform us to seek strategies that engage all students, use assessments that treat all students in the appropriate manner, use teaching strategies that maximize our student's potential and use our resources in a manner that ensures the longevity of Jewell School. We embark on this path knowing there is a great deal of work to be done. We have faith that the Jewell School Board will stick with this course through extended implementation so all staff and students can reap the benefits of well researched professional decisions.

Sincerely,

Brian D. Gander, DEd.

LAST DAY OF SCHOOL

WEDNESDAY, JUNE 15TH will be the last day for students. Buses will depart @ 12:30 p.m.

The Student Council has planned the last day fun activities for grades 7th - 11th, that will begin at 9:15.

Shea Little has planned the field day fun events for the grade school with ten stations of activities. Mr. Little asks that all children bring an extra pair of clothes because they will be getting wet & dirty!

We welcome all Volunteers that would like to share in the fun, activities and BBQ.

NV ALERT MEETING CHANGE

Saturday, June 25th 2011 is the next NV ALERT meeting. This meeting was originally scheduled for June 11th, but has changed due to upcoming training for CERT members and the Firefighters.

This is an important meeting to attend as we will be electing a President, Secretary and Treasurer. We also need your input as to where NV ALERT needs to focus its efforts. The meeting will be held at 3 p.m. at Fire Station No. 1, across from Baker's general store. Please attend.

Also, if you have someone you would like to nominate early for any of these positions, please let Carl know so he can be sure to have them listed.

SUMMER OFFICE HOURS

The School office will be open from 7:00 a.m. to 5:00 p.m. Monday through Thursday beginning July 5th through August 5th.

VOLUNTEERS NEEDED!!!!

This is just a reminder to the Jewell Community:

Every August the Hood to Coast Relay Race goes past Jewell School. Jewell PTO holds its most important fundraiser for the entire school year on that weekend. Jewell PTO raises nearly \$5000.00 each summer toward programs to support our students. It is a fun event and is well organized and very much appreciated by the walkers and runners of this world-famous race.

MARK YOUR CALENDARS

The Hood to Coast is always the last Saturday in August. This year it falls on Saturday, August 27th. We will be looking to sign up volunteers starting in July with reminder notices going out in early August. If you are busy during the school year and find it hard to give of your time, this event is a great way to give back to PTO. If you have any questions or would like to add your name to the volunteer list, contact Lynne Cavin at 755-2019.

Thank you to everyone who has helped out in the past and we look forward to another great event this year!!!

Lynne Cavin,
Jewell PTO Hood to Coast Coordinator

THANK YOU FROM THE CLASS OF 2013

The Class of 2013 would like to thank everyone for all their help and support this year. We are finished collecting cans and bottles, but hope to start again in the fall and would love to have you save them over the summer for us. Again, thank you for all of your support.

CLASS of 2012 Fundraiser

Jeff Weber has graciously offered to donate 400 bales of local cut Jewell grass hay to the Class of 2012. Bales will be for sale sometime this summer depending on when the weather allows for cutting and baling. Bales will weigh about 70lbs. and, if not sold out of the field, will be stored in the barn behind the school until they can be sold. Cost is \$4/bale U-haul or \$5/bale delivered. If interested, call one of the numbers listed below to make arrangements.

Jeannie DiMaggio 755-3010
Neal Kaminski 755-2401
Dave Hiebert 738-0111

Thank you,
Class of 2012

PARENT REMINDER

Picture Packets

Just a reminder that we still have not received back all of the spring picture packets. **Life Touch will be sending bills to parents of those students who have not returned or paid for their packets.**

Lunch Bills

Nearing the end of the year, we are asking parents to keep their children's meal accounts up-to-date and in the positive.

For the remainder of the current school year, we are not allowing students to charge meals.

Pre-Enrollment Packets

Just a reminder to send in your child's pre-enrollment forms if you have not already done so. Please remember to sign and date each form.

Summer Library Hours

Jewell School is making a push to increase the use of our school library over the summer. We feel that keeping students involved in reading with summer programs will reduce the amount of learning lost over the summer break. To that end, we are offering a summer reading program with Mrs. Gander to encourage our kids to read more and enjoy a good book this summer!

Who is welcome: Everyone

What: Activity Time, Story Time, Snack and Book Check Out

Where: The Jewell School Library

When: The following Wednesdays –

June 29 th	August 3 rd
July 13 th	August 10 th
July 20 th	August 17 th
July 27 th	

Each Wednesday there will be planned activities from 10:00 a.m. – 12:00 p.m. A bus will pick students up at the following stops.

South Side

9:30 @ Camp 18
9:37 @ Olney's
9:45 @ Elderberry
9:55 @ Nehalem Valley Community Church

North Side

9:30 @ Vesper Road
9:45 @ Near Engbretson's at the logging road

The library will also be open from 8:00 a.m. to 4:00 p.m. for community members who would like to just come in and check out books. If you are coming on your own, you will need to arrange your own transportation. Parents are welcome to come and check out books as well.

Why: Research shows that children who read during the summer months continue to grow as learners and start the next school year ready to learn. And..... reading is a great way to spend your time. I hope to see you on Wednesdays.

Mrs. Gander
